1. [REDACTED] digging took place at Hradistko near Stachovice (040/175)
in a search for the remainder of the German archives that had been removed by
American soldiers in 1946.
2. The area of Hradistko was occupied by soldiers whose task was to dig there.
Private gardens were reportedly included in the search. Local inhabitants
declare that the digging was unsuccessful. The search for the archives continues.
